

**UNIVERSITY OF MICHIGAN**  
**College of Engineering**  
**Joint CoE/LSA Curriculum Committee Meeting**  
**Tuesday, April 9, 2019, 3:00-5:00pm**  
**GM Conference Room, Lurie Engineering Center**

**Attending:** Dale Karr; Patrick Hammett; Susan Montgomery; Nathan Wilson; Kalli Federhofer; Kelly Maxwell; Robin Fowler; Elizabeth Yakel; Emma Sandberg; Angela Dillard; Riya Gupta; Phil Gorman; Laura Eidietis; Ed Durfee; Paul Kirsch; Paul Resnick; Brian Min; RaShonda Flint; Adam Simon; Lisa Broome; Xueding Wang; Julia Jackson; Fred Terry; Luis Bernal; Tianlin Wang; Almantas Galvanauskas; Yavuz Bozer; Kristine Moore; Eric Rutherford; Supporting Staff: Betsy Dodge; Joshua Wirgau.

**Call to Order:** 3:07pm

**Adjourned:** 4:40pm

**Minutes:**

1. Discussed the growing demand for computer science classes across campus. Though several potential solutions were proposed, it was agreed that the CoE faculty would discuss the matter further, apprising Angela Dillard of any future decisions.
2. Presented EECS 180 informational item. Ed Durfee explained the course would offer strong foundational skills in JAVA while serving as a prerequisite to EECS 280.
3. Discussed CoE policy regarding acceptance and restrictions of transfer credits for online courses.
4. Adam Simon proposed the possibility of team-teaching between CoE and LSA, citing transdisciplinary synergy leading to more beneficial learning experiences for students.
5. Discussed the possibility of creating a major in applied mathematics for engineering students. Kristine Moore to draft a proposal, to be presented at a future Curriculum Committee meeting.
